Professional Profile:

Eugene Campbell, founded the ECCRGroup in 2016, whose mission is to provide Small Business owners with Business Management Coaching opportunities. Business Management Coaching helps decision-makers grow their business by utilizing Business Process Optimization strategies to improve staff productivity and increase customer acquisition, brand awareness, and company revenue. A highly motivated leader with over 30 years of Business Management expertise and a proven track record creating and transitioning companies to the next operational level by conducting an Organizational Assessment SWOT Analysis, which enables Small Businesses to leverage their assets, clearly defined "Smart Goals," to meet revenue, service, and/or program objectives.
